PROJECTS

AI COMMITMENT TRACKER

AI Commitment Tracker is an AI-powered web application that automatically prioritizes user commitments based on context and deadlines. It uses a hybrid approach combining machine learning and rule-based logic to highlight urgent and high-impact tasks.

WEBSITE: <https://ai-commitment-tracker.onrender.com>

AI EMOTIONS DETECTOR

A web application built with Streamlit that detects emotions in text using a fine-tuned DistilBERT model. Users can enter any sentence to instantly identify the emotion it conveys.

WEBSITE: <https://emotions-detector.streamlit.app/>

AI INTERVIEW QUESTIONS GENERATOR

An AI-powered interview questions generator that creates customized questions based on role, skill set, and experience level. It helps candidates and interviewers prepare effectively with relevant and structured question sets.

WEBSITE: <https://interview-questions-cjdkvgk3cudkfaxrwunkvt.streamlit.app/>

AI STARTUP-IDEA EVALUATOR

An AI-powered web application that evaluates startup ideas by analyzing feasibility, innovation, and market potential. It provides structured insights and scoring to help founders refine ideas and make data-driven decisions early
